

first sentence

all numbers drawn first

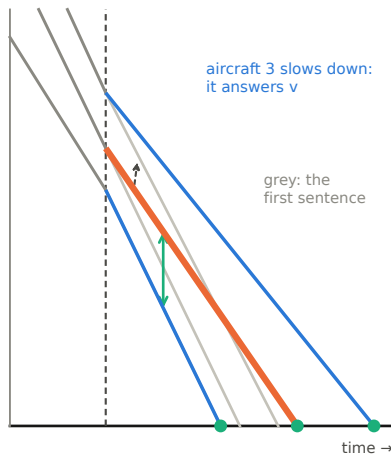

loss: v too close behind aircraft 2

$W = 2$

advantage 0

continuation 1: v slows down

v: new numbers 2, 3: the same numbers

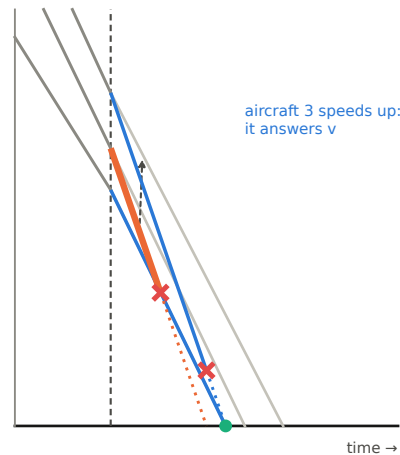

no loss: all three land

$W = 3$

advantage +1

continuation 2: v speeds up

v: new numbers 2, 3: the same numbers

losses: v overtakes aircraft 2;
aircraft 3 too close behind it

$W = 1$

advantage -1

— v, after the branch point

— the other commanded aircraft

..... silent after a loss

✗ loss

● landed

♦ gap to the aircraft ahead: too small

♦ gap: enough

----- aircraft 3 answers v
